

From Concept to Construction

Join the largest
pre-engineered building
company in the world!

We are a Design & Construction company that sell 100 industrial and commercial buildings around the world every week and need business development managers with at least five years experience.

If you've been working with industrial/commercial builders or developers then come and join our energetic, growing team.

For more information about opportunities with Bluescope Buildings contact Carmelo San Gil on **02 8746 5700** or via email Carmelo.sangil@bluescopesteel.com
